3/2 and 4/2 multi-way valves; servo-assisted; DN 4; flow rate: 300 l/min; G 1/8 legris ø 6 mm port connections

Design/Function

Type 5470 includes high switch reliable diaphragm seat valves as 3/2 and 4/2 way version. The valve consists of three modules, valve body with servo-diaphragm, plungers and seat seals as well as numerous connection possibilities for the ports.

The body and valve internal parts are made of high quality thermoplastic, the return spring is made of Stainless Steel.

A 16 mm rocker solenoid valve type 6106 with rectifier is used as pilot.

Tag connectors are used as electrical contact (acc. DIN 43 650 Form C) with the cable plug type 2506. Type 6106 impulse version is a bistable valve used as pilot valve for type 5470. The operation has to be done through external pole reversal (e.g. PLC).

The advantages of the impulse version are functional safety at short time power failure, saving of energy and low heat generation.

It is applicable for switching systems with impulse control.

Advantages / Benefits

- Optimal system solutions due to high level modularity
- High flow rate at compact design
- Long service life even with non-lube conditions
- With manual override
- Various options for the ports
- High switch reliability
- Wide range of cable plugs with circuitry as accessories
- Low weight

Applications

Fluids

Lubricated and unlubricated air, neutral gases

Applications

Control valves for pneumatic linear and rotary actuators (actuator systems) preferably for

- Food and beverage industry
- General processing industry
- Packing machine manufacturers.
- Textile industry
- Machine tool manufacturers
- Wood working machine
 manufacturers

bürkert

Multi-Way Valves for Pneumatics

servo-assisted, 18 mm wide

Technical data type 5470

Circuit functions

Specifications Circuit function

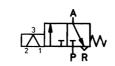

G (4/2)

- C 3/2 way valve, when de-energized, outlet port exhausted
- C 3/2 way valve, with impulse at terminal 1 outlet port A exhausted, with impulse at terminal 2 outlet port A pressurized

Orifice

4,0

Pressure

- D 3/2 way valve, when de-energized, port 2 pressurized
- G 4/2 way valve when de-energized, pressure inlet port 1 connected to outlet port 2, outlet port 4 exhausted

QNn-value air range²⁾ [mm] [l/min] [bar] C (3/2) 4,0 300 2 - 10 D (3/2) 4,0 300 2 - 10 2 - 10

 $^{1\!j}$ Measured with 6 bar upstream pressure and 1 bar pressure drop across the valve and at +20 °C.

²⁾ All pressures quoted are gauge pressures with respect to the prevailing atmospheric pressure.

Closing	DC 12 ms AC* 20 ms * = with rectifier		

Solenoid specifications

Operating voltage Voltage tolerance Electr. power consumption	24 V DC 24 V impulse (external pole reversal necessary) 110-120 V DC 220-240 V DC (for alternating current cable plug type 2506 with rectifier necessary) ⁴⁾ ±10 % 2 W, 3 W
Duty cycle Electr. connection Rating Ex-approval	100 % continuously rated tag connectors acc. DIN 43650 Form C, for cable plug type 2506 sidewards IP 65 (with cable plug) (see data sheet Ex-versions)

Response times for impulse versions Minimum duration of impulse

Minimum duration of impulse.	
Release coil (tag 1 and 3)	20 ms
Operating coil (tag 2 and 4)	20 ms

³⁾Measured at connection 2; time from electrical switching to pressure increase to 90 % (opening) or pressure drop to 10 % (closing) of operational pressure of 6 bar.

The valves given apply for DC and AC.
 When using electronics (diodes for controlling LEDs or for rectifying), the closing time is delayed 8 up to 10 ms.

Installation

Mounting position:

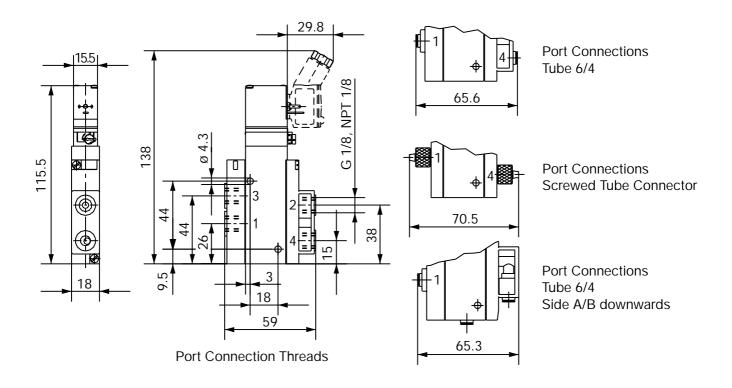

any, preferably solenoid system upright

Type 5470 Single Valve

Multi-Way Valves for Pneumatics servo-assisted, 18 mm wide

Dimensions [mm]

3/2 way valves, circuit function C, D and G, tag connectors in front or at the back¹⁾

Operation of impulse versions

- Standard cable plug type 2506 through external pole reversal (e.g. PLC)
- Cable Plug with internal pole reversal

Ordering chart valves type 5470 Single valve (other versions on request)

Scope of delivery: All valves with manual override and with NBR seal;

with cable plug (see accessories) For DC current cable plug 2506 Item No. 008 353 P (standard) For AC current cable plug 2506 Item No. 008 412 T

Electr. connection: Sidewards
